24 The Court having read and considered the declaration of counsel to  
25 support sealing "supplemental declarations of experts to support motion to continue trial"  
26 find that:

- 27 1. The overriding interest of protecting a defendant's right to effective
- 28 assistance of counsel and confidential communications with expert
- overcomes the right of public access to these declarations.
2. These overriding interests support sealing the record.
3. A substantial probability exists that these overriding interests will be
- prejudiced if the record is not sealed.
4. The proposed sealing is narrowly tailored.
5. No less restrictiveness exists to achieve the overriding interest.
