		File 1 - Myers

Status Report filed 02/05/15 states: most of the property was distributed to the beneficiaries in a preliminary distribution by order of this Court on 06/02/05. The estate contains a bank account with a balance of \$152,980.00 at this time. The Court also allowed the Co-Administrators to form an LLC to hold the remaining assets of the estate, namely, four parcels of environmentally contaminated real property. Pursuant to the Court's order, the Elm & Church, LLC was formed and currently holds a bank account with a balance of \$50,000.00 as well as the four parcels of real property. At the time of decedent's death, an environmental contamination problem related to previously installed underground fuel storage tanks had been discovered and was in the process of being analyzed and remediated by the Decedent utilizing Krazan & Associates ("Krazan").

Krazan determined the existence of contamination from the underground fuel storage tanks and enrolled the property in the State of California Environmental Cleanup Fund, which reimburses property owners for expenses incurred in the identification, analysis and remediation of underground storage tank contamination. Remediation efforts on the property has been ongoing.

During the administration of the estate, Krazan determined the nature and extent of the environmental contamination and commenced procedures for the remediation of the contamination discovered. All expenses incurred by the estate in connection with the valuation and remediation of the contamination have been reimbursed by the State of California.

As reported in the Petition for Preliminary Distribution filed 03/16/05, the estate's membership interest in the LLC would continue to be held in the estate pending final resolution of the environmental concerns, since distribution of the LLC membership interest to the beneficiaries could expose the beneficiaries to the potential for individual liability, or actual individual liability. In her last status report, the Administrator reported that she thought the remediation could be completed within 3 to 4 months. However, the California Regional Water Quality Control Board – Central Valley Region ("RWQCB"), after inspection of the Property, refused to qualify the case for closure and did not provide a closing letter. The RWQCB instead requested further remediation as well as a study to determine whether current concentrations of petroleum hydrocarbon constituents ("PHCs") on the property pose a threat to human health. The Administrator asked Krazan to provide remediation proposal to the RWQCB, which it did on 02/28/14. The RWQCB has issued a statement that "case closure may be appropriate" for the property. It issued a "Preclosure Public Notification" on 05/21/14, which stated that a "Public Notice" proposing the site closure would be mailed to certain interested parties. The Notification stated that the case would be open for public comment until July 20, 2014. Upon completion of the public comment period, and in the absence of substantive comments against closure, the RWQCB will perform a closure inspection of the Property and issue a case closure letter.

No comments were received from the public and the RWQCB issued a letter to Monique Hutchings stating that the wells on the property should be destroyed and the site should be restored before a closure inspection by the RWQCB would occur and a closing letter would thereafter issue. The closing letter finally issued from RWQCB on 10/13/14 and Monique Hutchings proceeded to put the property up for sale.

Administrator found a buyer for a portion of the property and that buyer is in the process of borrowing the funds necessary to purchase the rest of the property. However, the tenant currently on the property is seriously delinquent on his rent and Administrator is now beginning eviction proceedings against him. The property should not be distributed while eviction proceedings are proceeding and part of the property is left unsold. Therefore a 2 month continuance is requested in order to allow time to facilitate a sale of the property and prepare and file the Petition for Final Distribution.

Amended First and Final Account and Report of the Status of Administration and Petition for Settlement Thereof; For Allowance of Statutory Attorneys' Compensation and for Final Distribution (Probate Code 1060, et seq., 9611, 11640, 10800, 10810, 10900 and 12201)

4 Madeline I Scheppler (Estate)

Case No. 13CEPR00872

Atty Molsenbocker, Gary L. (for Kenneth W. Price – Administrator – Petitioner)

1) First and Final Account and Report of Administrator; and 2) Petition for its Settlement; 3) for Allowance of Compensation to Administrator and Attorney for Ordinary Services; and 4) for Final Distribution

DOD: 7-23-08	KENNETH W. PRICE , Administrator with Limited IAEA without bond, is Petitioner.	<p>NEEDS/PROBLEMS/COMMENTS:</p> <p>1. Administrator was granted Limited IAEA without bond on 11-7-13, which does not allow sale of real property without Court approval. See Probate Code §10501(b). However, the Administrator sold the estate real property on 11-26-14 for \$95,000.00, which is a loss of \$55,000.00 from the I&A value of \$250,000.00. The Administrator did not request Court approval of the sale, and it does not appear that the sale complied with other requirements for Court approval, such as reappraisal, publishing, etc., See Probate Code §§ 10501, 10503, 10300. The Administrator also did not apply for bond after the sale pursuant to Cal. Rule of Court 7.204. The Court may require clarification with regard to the request to confirm and approve all acts and transactions of the Administrator.</p> <p>2. The decedent died in 2008. The real property identified on the I&A, which was sold 11-26-14, was a three-unit income property (duplex plus separate apartment). The Administrator was appointed 11-7-13; however, this account period begins at the decedent's death, 7-23-08. Examiner notes that no receipts or expenses are included in the accounting with respect to the property. The Court may require clarification or further accounting regarding the management of the real property since 2008. Who has been receiving rents?</p> <p>3. The petition states the estate will distribute to the Estate of Mariangela Price (Case No. 13CEPR00164). However, Court records indicate that 13CEPR00164 is the Estate of Mariangela <u>Straight</u> (not Price). That case does not indicate an "aka" of Price. The Court may require clarification and revised order reflecting the correct estate name for the order. (Note: Kenneth W. Price has been appointed Administrator in that matter, with bond.)</p>

		<p>File 13 – Muhley</p>

Status Report filed 12-4-14 states the house has decreased in value to \$72,000 in 2008 and has now increased to \$123,000 according to www.zillow.com. The home was built in 1927. Executor has made all necessary repairs out of his own funds including a new foundation, wiring, plumbing, roof, refrigeration and heating unit, kitchen, floor, interior and exterior paint, window treatments, termite damage.

The Executor states when the repairs were done the home was rented in June 2011 to a disabled woman who was receiving Section 8 subsidy. The only money received was from what Section 8 paid, as the tenant could not afford additional rent. The home is not in the best of areas and it was considered a good investment to not have the home sitting empty to avoid damage due to vandalism. The tenant paid utilities and kept up the property while the remaining repairs were done.

The house is now empty and has been listed with London Properties for \$130,000.00. The 1977 Dodge Monaco Broagham was sold for the appraised value of \$2,500.00, although there were expenses involved in the sale of the vehicle (smog, DMV, etc.). The furniture has been sold for the appraised value. The stamp collection is intact and can be disbursed to the beneficiaries. At the present time, there is no estate bank account, but estate funds have been placed in Executor's attorney's trust account with an approx. balance of \$600.00.

Executor states the Waiver of Accounting and Petition for Final Distribution will be filed at the close of escrow.

Examiner's Note: *Mr. Havlisch states funds have been placed in his attorney's trust account; however, Mr. Havlisch is now self-represented and used a non-attorney legal document service to file this status report. Need clarification regarding the "attorney trust account."*

Status Report filed 1-20-15 states the I&A filed 10-27-06 states an incorrect value (\$140,000.00). The home was originally listed with a realtor for \$130,000.00, but there has been a low interest at the listed price; therefore, the listing price has been lowered to \$124,900.00.

Examiner's Note: *The I&A value is the value as of the decedent's date of death, not the market value. However, if the Executor feels that the I&A value is incorrect, a Corrected I&A should be filed.*
