**(Petitioner's statement continued)**

Petitioner's allege that the father has severe alcohol and anger issues and has never been left with the children unsupervised. Petitioner's believe that the father is currently residing in an alcohol recovery treatment facility along with registered sex offenders. The father has no home to take the children to or a job to support them. Petitioners believe the motivation for the father wanting custody of the children is that he owes child support arrears and to have custody of the children in a wrongful death lawsuit against the hospital for their mother's death.

Petitioners are concerned for their grandchildren's safety and fear that the father will rip them from the only stable environment that they know. Petitioners state that the father poses an **extreme threat and high risk** to the three children due to the sexual molestation of their half-sister.

**Objection of Father, William E. Mabrey, filed on 04/24/2013:** states that he objects to the temporary guardianship because the statements made supporting the request are almost completely false, and there is no legal reason why he should not have custody of his children. Under Family Code §3010(B) the children belong with him unless and until he is found to be unfit as their father. He states that while he understands and sympathizes with the petitioner's loss of their daughter and their concern for the safety and wellbeing of their grandchildren, he feels very strongly that it is in the children's best interest to live with their remaining parent. The father does not object to the petitioners having visitation, but he strongly objects to them being given guardianship.

The father states that he and the mother had been engaged to be married however she passed away on 03/13 while suffering from cardiac arrest as she was undergoing chemotherapy. He states that the children have been with him and their mother for most of their lives. It was the event in November 2012 that made him realize that he needed to get help. He states that he and the mother had a fight, he got drunk and kicked the door in because she locked him out but he never raised a finger toward the mother. He then enrolled in the Feed My Shepard Ministries Program. He completed his in-patient treatment program in February of 2013 but decided to stay as the house manager.

The father states that the petitioner's allegations of abuse towards the half sibling are false. He states that the mother's brother informed him that the mother was angry at him and made up a story that the he abused the child. He states he was arrested and was held in jail for 36 hours and was then released. The mother had informed him that CPS conducted an physical and mental health examination of the child and concluded nothing had happened to the child. Five months later he received a letter from the DA saying that no charges would be filed. The father denies that he had ever done anything improper to the child.

Father states that he has found employment and secured a three bedroom apartment. In the meantime his mother lives in a six bedroom home with three rooms available to him and the three children until they can move into the apartment.

Attached to Objection are letters in support of the father obtaining custody of the children.
