DOD: 7/5/1999	DALE BOLDEN , Administrator of the Estate of Odell Moultrie, surviving spouse, is petitioner.	NEEDS/PROBLEMS/COMMENTS: Continued from 7/10/2013. Minute order states the Court indicates that it is not ordering a title search. The Court directs the parties to exchange documents with each other. Parties are directed to file any objections by 8/14/2013. Parties agree to participate in mediation today at 1:30 p.m. As of 8/9/2013 there have been no additional documents filed. 1. Petition does not allege that the property was acquired using community funds. If the property was acquired by gift or inheritance it would not be considered community property even though it was acquired during the marriage.
	No other proceedings	
	Decedent died intestate.	
Cont. from 052213, 060513, 071013	Petitioner states all of the property in the petition was acquired during the marriage while the parties were legally married and domiciled in this state.

Objections cont.:

Objector believes that inasmuch as whatever interest Odell Moultrie owned at the time of his death, under California Law, it was a gift or inheritance and thus his separate property and not community property, thereby defeating the propriety of the Spousal Property Petition.

Objector believes that there may be gaps in the chain of title with respect to the current ownership of the precise percentage of ownership of mineral interest by the deceased Odell Moultrie and this objector and the others owners. Objector believes that only a certified and insurable titled search can resolve this issue. The expense of same should be borne by both Petitioner and Objector since the result would benefit or damage either of them depending upon how the research turns out.

Objector prays for an Order that:

1. The Spousal Property Petition not be granted or approved at this time.
2. The court order a chain of title search back to 1961 or earlier date-certain which the court may deem appropriate.
3. The court order Petitioner and Objector to share the costs of such report equally.
