

RFP #10-2016 – CCC

Collaborative Courts Coordinator

ADDENDUM 1: Cancellation

Pursuant to the Judicial Branch Contracting Manual, if no responsive bid is received, the Court has the option of cancelling and reissuing the solicitation, modifying any possible restrictive requirements and considering methods to broaden the number of bidders.

After the bid closing time, all bids may be rejected if the Court determines that the bids received do not reflect effective competition and awarding the contract is not in the best interest of the Court.

Bids received as a result of the solicitation have been determined to be non-responsive and the Court has determined that reissuing a modified solicitation with methods that would broaden the number of bidders is in the best interest of the Court.
