INFORMATION AND INSTRUCTIONS FOR COMPLETING FORM FL-160

Property Declaration (form FL-160) is a multipurpose form, which may be filed with the court as an attachment to a Petition or Response or served on the other party to comply with disclosure requirements in place of a Schedule of Assets and Debts (form FL-142). Courts may also require a party to file a Property Declaration as an attachment to a Request to Enter Default (form FL-165) or Judgment (form FL-180).

When filing a Property Declaration with the court, do not include private financial documents listed below.

Identify the type of declaration completed

- 1. Check "Community and Quasi-Community Property Declaration" on page 1 to use *Property Declaration* (form FL-160) to provide a combined list of community and quasi-community property assets and debts. Quasi-community property is property you own outside of California that would be community property if it were located in California.
- Do not combine a separate property declaration with a community and quasi-community property declaration. Check "Separate Property Declaration" on page 1 when using *Property Declaration* to provide a list of separate property assets and debts.

Description of the Property Declaration chart

Pages 1 and 2

- 1. Column A is used to provide a brief description of each item of separate or community or quasi-community property.
- 2. Column B is used to list the date the item was acquired.
- 3. Column C is used to list the item's gross fair market value (an estimate of the amount of money you could get if you sold the item to another person through an advertisement).
- 4. Column D is used to list the amount owed on the item.
- 5. Column E is used to indicate the net fair market value of each item. The net fair market value is calculated by subtracting the dollar amount in column D from the amount in column C ("C minus D").
- 6. Column F is used to show a proposal on how to divide (or confirm) the item described in column A. Page 3
- 1. Column A is used to provide a brief description of each separate or community or quasi-community property debt.
- 2. Column B is used to list the date the debt was acquired.
- 3. Column C is used to list the total amount of money owed on the debt.
- 4. Column D is used to show a proposal on how to divide (or confirm) the item of debt described in column A.
