New Fresno Superior Courthouse

In accordance with legislation, the Judicial Council of California is required to regularly reassess projects identified in its “Update to Trial Court-Outlay Plan and Prioritization,” adopted on October 24, 2008. As a part of these projects, Fresno Superior Court is pleased to announce that it has been selected to receive a new courthouse.

With an authorized budget of approximately \$749 million, this project will culminate in an estimated 413,000 square-foot courthouse with 36 courtrooms, paving the way for growth and new judgeships.

Currently, the Court’s Project Advisory Group (PAG) is in the site-selection phase. All sites being considered are within a half-mile radius of the existing courthouse.

Further information regarding the new courthouse will be provided as it becomes available.
